

The Cosmic Microwave

Sponsorship Packet

Introduction

We are The Cosmic Microwave, a passionate high-school robotics team, led by dedicated students and advised by professional mentors. Though we are a rookie team, all together, our team has competed with each other under a different name for 2 years, building our independent skills and our ability to work together.

What is FIRST?

FIRST is a global nonprofit organization that inspires young people to explore STEM through hands-on innovation, teamwork, and problem-solving.

FTC (FIRST Tech Challenge)

FIRST Tech Challenge is a student-led robotics program that combines engineering, programming, competition, teamwork, and community outreach.

Create

Design, build, and program robots to solve challenges through engineering and iteration.

Compete

Compete in unique challenges released every year against teams across the world

Inspire

Engage with our community and inspire the next generation through STEM education and outreach.

Meet the Cosmic Microwave

AJ Streepy
Team Lead & Mechanical
FTC Experience: 2 years
School: Auburn Riverside HS

Charlotte Wester
Mechanical Lead
FTC Experience: 2 years
School: Auburn Riverside HS

Nathan Tran
Programming Lead & Outreach
FTC Experience: 2 years
School: Auburn Riverside HS

Easton Dixon
Outreach Lead & Electrical
FTC Experience: 1 years
School: Auburn Riverside HS

Quinn Feldmann
Mechanical
FTC Experience: 2 years
School: Auburn Riverside HS

Christian Bautista
Programming & Outreach
FTC Experience: 1 years
School: Auburn Riverside HS

Sterling Rosquita
Outreach
FTC Experience: 0 years
School: Auburn Riverside HS

Emmett Riemer
Mechanical & Outreach
FTC Experience: 1 years
School: Bellarmine Prep HS

What we Need

**Support
Breakdown** (Where
your money goes)

**Projected Cost
(USD)**

**Game Elements &
Field Setup**
(Game Structure & Field
Elements)

\$600

**Competition
Registration & 501c3
Fees**
(team registration and fees for
competitions on all levels)

\$1,600

**Robot Electronics &
Supplies**
(custom plates, cots, servos,
motors, & other electrical)

\$4,300

Travel Funds
(funding travel, hotels, food for
state and
international level competitions)

\$4,300

**Fundraising Goal:
\$10,800**

Sponsorship Tiers

Universe Tier (\$2,500+)

- Largest logo on robot, shirts, banners, and presentations.
- Dedicated sponsor spotlight on social media
- Recognition in engineering portfolio
- Monthly "Cosmic Dispatch" (monthly team newsletter)
- Invitation to exclusive robot demonstration
- Dedicated sponsor highlight on website

Galaxy Tier (\$1,000-\$2,499)

- Large logo on robot, shirts, banners, and presentations.
- Dedicated sponsor spotlight on social media
- Monthly "Cosmic Dispatch" (monthly team newsletter)
- Invitation to robot demonstration
- Dedicated sponsor highlight on website

Star Tier (\$500-\$999)

- Medium logo on robot and shirts.
- Listed on website
- Social media thank-you
- Monthly "Cosmic Dispatch" (monthly team newsletter)

Planet Tier (\$250-\$499)

- Logo on website
- Social media recognition
- Monthly "Cosmic Dispatch" (monthly team newsletter)
- Logo on shirts

Meteor Tier (\$100-\$249)

- Logo on website
- Monthly "Cosmic Dispatch" (monthly team newsletter)

How Can You Help

In-Kind Support

We welcome in-kind support through donations such as:

- CNC Routers, 3D Printers, Laser Cutters
- Filament, Raw Materials, Tools, and other parts

These resources help power our innovation and allow us to our channel funds to critical expenses.

Sponsorship perks are scaled to the value of the donations.

Mentorship

Beyond materials, sponsors can have a large impact by offering mentorship and experience in aspects such as:

- Real-world Engineering Practices
- Project Management and Leadership Development

Guidance from professionals with expertise helps us bridge the gap between experiences gained in our robotics journey and industry applications.

Monetary Support

Our preferred method of support, these donations would directly be channeled towards the goals broken down earlier. In return, you would receive:

- Recognition by sponsorship level
- 501(c)(3) nonprofit tax benefits (EIN: 81-2908499)
- Brand visibility at local, state, and world level competitions

This money will help support our goals and our ambitions as a growing rookie team.

To proceed with any of these, email

thecosmicmicrowave35817@gmail.com

for further details!
